GUILD | BEAUJOU COLLECTION

Crafted to awaken spaces with warmth and spirit, each plank of the Beaujou Collection carries the soul of nature shaped into design. The textures invite touch, the tones capture sunlight, and together they create a canvas for life in its fullest expression.

Beaujou is a celebration of presence, a return to beauty that is lived in, not looked at. It speaks to the quiet delight of mornings with no rush, the laughter echoing through shared meals, and the poetry of light as it dances across wood. These are floors that hold memory, movement, and meaning.

This collection is about elevating the everyday. The quiet serenity of knowing your home reflects more than style, it reflects the very essence of joy. Because living beautifully is not about perfection. It is about presence and character. About being grounded and uplifted at the same time. About building a life on foundations that inspire.

This is Joie de Vivre, a way of living that honors simplicity, soul, and the small moments that matter most. Floors that do not just support you, but remind you, every day, that life is meant to be celebrated.

Understated and warm, *Ekru* reflects the refined simplicity of lived-in luxury. It's a hue that feels both effortless and intentional. Soft neutrals and natural texture meet here, a perfect harmony of grace and grounding.
