TOURA

GUILD | BOTTEVA COLLECTION

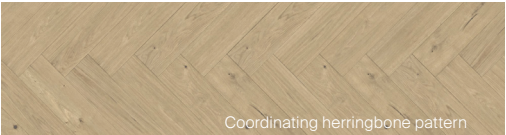

Boiselle captures the essence of natural beauty: fresh, clean, and quietly expressive. Salt suggests purity and preservation, while wood speaks to warmth, texture, and craft. Together, they evoke a sense of clarity and calm, a return to something honest and elemental. This Select Grade collection is marked by soft tonal shifts, subtle textures, and an effortless elegance that feels both modern and timeless. Rooted in heritage craftsmanship yet designed for today, Boiselle offers a refined foundation, one that brings a sense of ease, intention, and inspired living to every space.

Toura draws inspiration from the turning tools that shape wood by rotation. Its soft brown tone carries subtle curves in the grain, giving it a sense of motion even while still. There's energy in its surface, crafted not polished, like something shaped slowly by hand over time.
