

ARABESCATO D'ORO ROCK FINISH

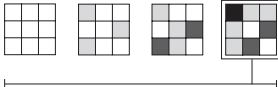

Arabescato D'Oro is a beautiful Greek marble in its own right, but when textured with a Rock Finish, deeper characteristics are revealed that make this stone extraordinary. Chalky-white with broad, warm grey veins, the rugged finish on this stone opens deeper layers and introduces directionality that runs counter to the natural veining, enhancing the stone's inherent sense of movement and creating a layered, raw depth that is both visible and invitingly tactile. Stocked in a 12" x 24" x 5/8" tile.
